

SDL Survey and Introduction

- Keith Moss
- Associate lecturer at the Open University
- k.e.moss@ieee.org

Results

		Yes	No
1	Does your university have any taught modules of SDL? <i>If the answer to Q1 is no then go to Q7</i>	9	
2.	<u>Are some modules undergraduate?</u>	9	0
3.	Are some modules post graduate?	5	4
4.	Is the content of the modules just about learning SDL?	The answers here were not well defined but 50/50	
5.	Are there some applications to which SDL is applied?	9	0
6.	To what areas of communications is SDL applied?	Types of protocols 5 Railway signalling 1 Automotive control 1 Automatic test case generation 1	
7.	Do you intend to teach SDL in the future?	9	0

Universities external to SDL forum

1. The University of Greenwich London UK
2. The Open University Milton Keynes UK
3. The University of Virginia USA
4. Technische Universität München Germany

Results

		Yes	No
1	Does your university have any taught modules of SDL? <i>If the answer to Q1 is no then go to Q7</i>	2	2
2.	<u>Are some modules undergraduate?</u>	2	
3.	Are some modules post graduate?	2	
4.	Is the content of the modules just about learning SDL?		2
5.	Are there some applications to which SDL is applied?	2	
6.	To what areas of communications is SDL applied?	Protocols	
7.	Do you intend to teach SDL in the future?	2	2

Conclusions

- Universities need to be encouraged to introduce broader programmes of SDL teaching and not confine its use to that of protocol engineering.
- Those Universities that teach SDL should be encouraged to publicise their activities.
