The CSI4139/CEG4399 midterm will take place in class on Friday, October 20, 2017. The exam is worth 20% of the course grade, but there are 7 questions (6 plus a bonus question), and so it is possible to get 23/20 on this exam. The questions cover the following topics:

- Security engineering
- Passwords
- Access Control technologies
- Biometrics
- Key management
- Security policies
- Database security

Study hard, and let me know if you have any questions about the material!
