MWP2019

2019 IEEE International Topical Meeting on Microwave Photonics
October 7-10, 2019, Ottawa, Canada

Welcome from the General Chairs

The International Topical Meeting on Microwave Photonics is the premier international meeting on microwave photonic devices, systems, and applications.

The broadband, low-loss transmission capability of optical fiber links has led to much interest in their use in the distribution and control of microwave and millimeter-wave signals. Application areas include antenna remoting for wireless data and cellular radio systems, optically controlled phased array antennas, optical processing of microwave signals and broadband cable television distribution. Photonics enables new microwave system functions such as long delays lines, fast spectrum analysis, frequency conversion, probing and control of microwave devices, low phase-noise oscillators, and ultra-fast analog-to-digital converters. Conversely, microwave techniques are enabling new generations of optical communication systems with capabilities exceeding 1 Tb/s/fiber.

On behalf of the organizing committee, we would like to invite you to the Shaw Centre in Ottawa city for the MWP 2019 conference on October 7 to 10 2019. This conference will be an excellent opportunity to network and exchange with researchers, government representatives and industry professionals.

We look forward to welcoming you to MWP 2019.

2019 IEEE International Topical Meeting on Microwave Photonics
October 7-10, 2019, Ottawa, Canada

Benefits

For Attendees

- Top-rated, peer-reviewed technical paper sessions
- Special and invited paper sessions of topical interest
- Exhibitors showcasing their latest products and services
- Social and cultural side events
- Right at the heart of Ottawa, Canada's Capital

For Exhibitors

- Stand out from the competition and benefit from this unique opportunity to meet face to face with scientists and engineers from around the world interested in recent developments in Microwave Photonics
- Meet with prospect employees
- A single place to keep abreast of new trends
- Top-rated technical program draw attendees from around the world
- An exhibit committee staffed with experienced exhibiting, sales, and marketing professionals

Exhibit Package Specifications

All exhibits will be co-located with the breaks and poster sessions area

10' x 10' Booth – CAD 2,750

- 10' x 10' exhibition booth
- Regular-size logo on Website with hyperlink to exhibitor Website
- Registration fee waived for one (1) participant
- One (1) additional registration pass (exhibit area only)
- One banquet evening ticket
- Customized options available at additional cost

Tabletop Exhibit – CAD 1,950

(Table and 2 chairs)

- 6' x 8' space
- One (1) draped table with two (2) side chairs
- Regular-size logo on Website with hyperlink to sponsor Website
- One registration pass (exhibit area only)

Exhibition Hall

- Carpeted Aisles
- Furnished Break Areas
- Cleaning of Common Areas
- Co-Located Exhibits, Poster sessions and breaks in the Exhibit Hall
