

# Mini-Enrichment Course on Robotics

## SMRLab - Spring 2006

April 25, 2006

### 1 Lab Precautions

- Equipment is not to be taken out of the laboratory premises. No exceptions will be made;
- Safety measures (anti-static straps for all and goggles for the groups involved with any full Robix arm) must be worn at all times;
- Stations will be assigned to groups, and each group will have to maintain their station;
- Only students registered in the mini-enrichment course will be allowed into rooms SITE 2061 and CBY B-402;
- Please try to clean up your station after you are done;
- Please remember that there is no food or drinks allowed inside the laboratory premises;
- Please do not write on the anti-static mats or any other property for that matter;
- Please ask your instructor to help you if you are unsure of something.
