

CSI/ELG/SEG2911 Final Report

- Choose a topic
- Research background material to read and cite
- Write an outline
- Write a draft
- Wait a while: Re-reading after a delay helps you find more possible improvements
- Re-read your work and improve it, over and over again
- Minimize reliance on sources like Wikipedia and advertising materials

Research Sources: Scientific Literature

To download many papers, you need to be on the campus network

- IEEE Xplore
 - <http://ieeexplore.ieee.org/Xplore/dynhome.jsp>
- ACM Digital library and guide to literature
 - <http://portal.acm.org/portal.cfm>
- Springerlink
 - Access to Springer journals and Lecture Notes in Computer Science
 - <http://www.springerlink.com/home/main.mpx>
- Google Scholar
 - <http://scholar.google.ca/>
- Science Direct
 - <http://www.sciencedirect.com/>

Report Template

- Use the following link
 - <http://www.site.uottawa.ca/~tcl/eecs2911/coursenotes/familyname-stnum-2911-asgn.docx>
- You need at least 5 references
- Use correct language
- Your report should be easy to understand
